JULY 1-8

HERE'S THE
DEAL
ABOUT OUR
DEALS

We pride ourselves in providing shoppers with competitive prices. But we know there's a big sale coming elsewhere in July, so before you shop there, we have some great deals for you to check out first.

For this sale, we've assembled some of the best **American-made** weather gear and instrumentation. Many deals you won't find next week elsewhere: *we did that on purpose*. After all, the same deals over and over every sale kind of *stinks*.

The deals start July 1 at midnight ET with prices valid through 11:59pm ET July 8. We have a full list of the deals on the last page of this flyer. You can browse the offers by clicking on the image - it will take you right to the page on our site.

All orders over \$60 ship free, and until July 8, if you spend more than \$200 in a single order, you can select from a free mug or t-shirt (S-2XL) with code '**FREEGIFT25**'. It's our way of saying thanks for making our first *Cirrusly Good Deal Week* a success! Read on for details on all our featured deals.

Happy deal hunting!

cirruslyweather.com

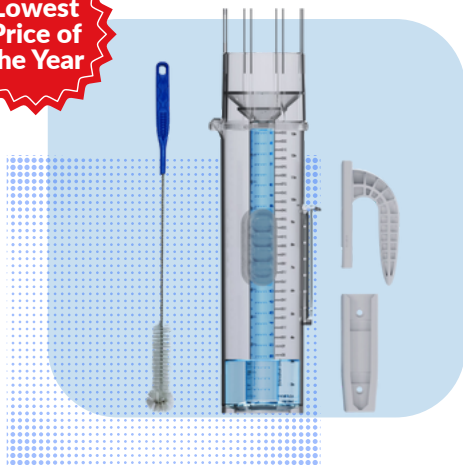

Prices are guaranteed for the duration of the sale, and to stock on hand. Sorry, no rainchecks. Discounts are taken from MSRP. Use of promo codes is subject to the terms listed, and may not be combinable in all situations.
