

AFTER THE PURCHASE

THINGS TO KNOW

Cirrusly Weather here for you even after the purchase. Here are some important post-purchase things to know.

YOUR WARRANTY

Your weather station includes a manufacturers warranty of one year against defects in manufacture and workmanship. If you experience an issue with your station during the warranty period (or after), *contact us immediately*.

DOCUMENTATION

While your purchase comes with paper documentation (in most cases), any documentation is also available from *My Account* under "Downloads," or the individual product page under "Files."

MAINTENANCE

Proper maintenance is important not only for a long usable life, for warranty claims, too. Manufacturers may *deny* warranty claims for poorly maintained equipment. See our care instructions for recommended maintenance.

CONTACTING SUPPORT

Lifetime support is part of your purchase! We can answer questions on installation, maintenance, and minor warranty claims. To contact us, e-mail help@cirruslyweather.com. We respond same-day before 6pm ET.

LEAVE A REVIEW!

Finally, reviews are like gold for us. We'd appreciate if you could leave a review on the site, as well as your experience with **Google** and **Trustpilot**. These reviews help others make a more educated choice!

HAPPY WEATHER WATCHING!
