

CARE INSTRUCTIONS FOR OUR APPAREL

T-SHIRTS

Do not dryclean; do not bleach. Tumble dry on low heat; Iron, steam or dry on low heat. Machine wash cold (max 30°C or 90°F), with similar colors.

SWEATSHIRTS

Machine wash cold (max 30°C or 90°F). Use non-chlorine bleach as needed. Tumble dry on low heat. Do not iron, do not dryclean.

HOODIES

Tumble dry on medium heat. Iron, steam or dry on low heat. Do not dryclean. Machine wash cold (max 30°C or 90°F). Use non-chlorine bleach as needed.

Our garments use direct-to-garment (DTG) printing. This process sometimes leaves behind a slight but distinct odor, a by-product of the printing process. This is a normal occurrence in the DTG printing industry, and the smell disappears completely after one wash.

These care instructions will help you keep your purchase looking its best for as long as possible!

CARE INSTRUCTIONS FOR OUR MERCHANDISE

MUGS

Clean in dishwasher or wash by hand with warm water and dish soap. Color changing mug should be hand washed only. Microwave safe.

We strongly recommend hand washing mugs to maximize the life of the printed design!

TOTES

Do not iron directly over the printed area, as the print may stick to the iron.
Spot clean, do not bleach. Line dry.

MOUSEPADS AND LAPTOP SLEEVES

Use warm water and dish soap and clean spots. It's not necessary to soak the entire product. For hard to clean spots, use a soft bristled brush.

These care instructions will help you keep your purchase looking its best for as long as possible!
